

World Conference on Oncology and Cancer Care

November 11-13, 2026 | Osaka, Japan

BROCHURE

About the Conference

The **KinGlob Meet** Cordially welcomes you to attend the **World Conference on Oncology and Cancer Care (WCOCC-2026)** which will be held on **November 11-13, 2026**, in **Osaka, Japan**. The primary goal of the conference is to examine and discuss solutions in Oncology and Cancer Care, which is critical in addressing the complex challenges associated with Oncology and Cancer Care. Young researchers, students, delegates, and renowned experts in the fields of Oncology and Cancer Care are all welcome to attend this conference. This diversity can lead to rich discussions and knowledge exchange by bringing together professionals and researchers from various backgrounds, the conference provides a platform for innovation and collaboration. It encourages attendees to learn from one another and contribute to the advancement of Oncology and Cancer Care. The conference covers a wide range of topics, not limited to Oncology and Cancer Care but also encompassing areas like Clinical Oncology, Medical Oncology, Radiation Oncology, Surgical Oncology, Cancer Research, Immunotherapy, Precision Medicine, AI in Oncology, Cancer Nursing, Palliative Care etc.

Conference Highlights

- Precision Oncology
- Immunotherapy & CAR-T Cell Therapy
- Lung Cancer
- Breast Cancer
- Hematologic Malignancies
- Cancer Genomics
- AI in Oncology
- Radiation Oncology

- Surgical Oncology
- Clinical Trials
- Liquid Biopsy
- Cancer Prevention & Screening
- Global Cancer Care
- Translational Research
- Rare Cancers & Personalized Medicine

Scientific Sessions

1. Future Trends in Oncology Research and Cancer Care
2. Integrative and Holistic Oncology
3. Palliative and End-of-Life Cancer Care
4. Supportive Care, Survivorship and Rehabilitation
5. Oncology Nursing and Patient-Centered Care
6. Digital Health and Tele-Oncology
7. Global Oncology and Cancer Health Equity
8. Cancer Prevention and Epidemiology
9. Tumor Microenvironment and Cancer Metastasis
10. Neuro-Oncology and Brain Tumors
11. Pediatric Oncology and Rare Cancers
12. Hematologic Malignancies and Blood Cancers
13. Gynecologic Oncology and Women's Cancers
14. Gastrointestinal and Colorectal Cancers
15. Lung Cancer: Emerging Therapeutic Strategies
16. Breast Cancer: Advances in Diagnosis and Treatment
17. Surgical and Robotic Oncology
18. Radiation Oncology and Advanced Radiotherapy
19. Minimal Residual Disease (MRD) Monitoring
20. Antibody-Drug Conjugates (ADCs) in Cancer Treatment
21. Clinical Trials and Translational Oncology
22. Biomarkers for Cancer Diagnosis and Prognosis
23. Early Cancer Detection and Screening Technologies
24. Liquid Biopsy and Circulating Tumor DNA (ctDNA)
25. Artificial Intelligence in Oncology
26. Targeted Cancer Therapies and Precision Treatments
27. CAR-T Cell Therapy and Cellular Immunotherapies
28. Immuno-Oncology and Cancer Immunotherapy
29. Cancer Genomics and Molecular Diagnostics
30. Others

Why Attend?

Join the **World Conference on Oncology and Cancer Care, November 11–13, 2026, Osaka, Japan**, and connect with leading experts in cancer research and clinical oncology.

- + Present your latest research to a global audience.
- + Learn about advances in precision oncology and immunotherapy.
- + Explore emerging therapies, AI, and cancer genomics.
- + Network with renowned scientists, clinicians, and healthcare leaders.
- + Gain insights from world-class plenary and keynote speakers.
- + Participate in interactive scientific sessions and workshops.
- + Share ideas and build international research collaborations.
- + Discover innovative technologies and treatment strategies.
- + Showcase your work through oral and poster presentations.
- + Meet industry leaders and explore partnership opportunities.
- + Enhance your professional knowledge and career development.
- + Exchange experiences with experts from academia and healthcare.
- + Stay updated on the latest trends shaping cancer care.
- + Experience the vibrant culture and hospitality of Osaka, Japan.
- + Contribute to advancing global efforts in cancer prevention, diagnosis, treatment, and survivorship.
- + Present your research, network with experts, discover emerging therapies and collaborate with international leaders.

Call for Abstracts

The Organizing Committee warmly invites researchers, clinicians, academicians, healthcare professionals, industry experts, and students to submit original abstracts for presentation at the **World Conference on Oncology and Cancer Care**, to be held on **November 11–13, 2026, in Osaka, Japan**.

This international forum provides an excellent opportunity to showcase innovative research, clinical studies, case reports, and emerging developments in oncology and cancer care. Accepted abstracts will be presented as Oral Presentations, Poster Presentations, or E-Posters and will be featured in the conference proceedings.

Original research, case reports, clinical trials, translational studies and healthcare innovations are welcome.

Submit Your Abstract: <https://kinglobmeet.com/submit-abstract/>

International Speakers

Speaker	Proposed Talk Title	Designation	Institution	Country
Roy S. Herbst	Future of Precision Immunotherapy in Solid Tumors	Deputy Director	Yale Cancer Center	USA
Richard Pazdur	Global Regulatory Perspectives on Cancer Innovation	Director	FDA Oncology Center of Excellence	USA
Charles Swanton	Cancer Evolution and Metastatic Disease	Chief Clinician	Cancer Research UK	UK
Nicholas Turner	Precision Oncology and Genomic Medicine	Professor of Molecular Oncology	The Institute of Cancer Research	UK
Michael Hallek	Advances in Hematologic Malignancies	Director, Hematology & Oncology	University of Cologne	Germany
Hiroyuki Mano	Next-Generation Cancer Genomics	President	National Cancer Center Research Institute	Japan
Yi-Long Wu	Transforming Lung Cancer Care through Precision Medicine	Director	Guangdong Lung Cancer Institute	China
Grant McArthur	Targeted Therapy and Melanoma Research	Executive Director	Peter MacCallum Cancer Centre	Australia
Stephen Lam	Early Detection and Screening for Lung Cancer	Distinguished Scientist	BC Cancer	Canada
Daniel G. Tenen	Cancer Stem Cells and Translational Oncology	Professor of Medicine	National University of Singapore	Singapore
