

World Conference on Public Health and Preventive Medicine

November 11-13, 2026 | Osaka, Japan

BROCHURE

Welcome Message

Dear Colleagues,

We are delighted to welcome researchers, scientists, academicians, Public Health and Preventive Medicine practitioners, law enforcement professionals, and industry experts from around the world to the World Conference on Public Health and Preventive Medicine.

This conference provides a global platform to exchange knowledge, present research findings, and foster collaborations that advance Public Health and Preventive Medicine.

About the Conference

The **KinGlob Meet** Cordially welcomes you to attend the **World Conference on Public Health and Preventive Medicine (WCPHPM-2026) (HYBRID EVENT)** which will be held on **November 11-13, 2026, in Osaka, Japan**. The primary goal of the conference is to examine and discuss solutions in Public Health and Preventive Medicine, which is critical in addressing the complex challenges associated with Public Health and Preventive Medicine. Young researchers, students, delegates, and renowned experts in the fields of Public Health and Preventive Medicine are all welcome to attend this conference. This diversity can lead to rich discussions and knowledge exchange by bringing together professionals and researchers from various backgrounds, the conference provides a platform for innovation and collaboration. It encourages attendees to learn from one another and contribute to the advancement of Public Health and Preventive Medicine. The conference covers a wide range of topics, not limited to Public Health and Preventive Medicine but also encompassing areas like Public Health and Preventive Medicine focuses on promoting health, prolonging life, and preventing disease through organized community, environmental, and medical efforts etc.
